RFP Stakeholder TAY 003 Questions and Answers 3			
	RFP Section Reference	Question	MHSOAC Response
1	General	Do we need to subcontract out to 15 individual advocacy groups, or can the same advocacy group do different events each year?	The intent is for 15 individual advocacy groups who have a local presence (based on address) in the county where the TAY Engagement Event will be held. The Local Level Advocacy group must meet all Minimum Qualifications and Requirements. In addition, Proposers may include a Branch of their organization (up to 5) who meet the requirements of a Local Level Advocacy Group
2	General	Local level advocacy groups will be given \$10,000 a year for participating in the state advocacy event. Does this come out of their budget line or the lead agency's (ours)?	<p>Per Attachment 11, Cost Worksheet, Line 31, State Level Advocacy Event, includes monies for the Local Level Advocacy Groups to attend. This is all part of the contractor's budget.</p> <p>Note, there is only one contract with the contractor. The Cost Worksheet identifies funding allocated for all activities, including the Local Level Advocacy Group and Local Level Advocacy Group support (e.g. State Level Advocacy Event). This will all be managed by the contractor.</p>
3	General	Local level advocacy groups will be given \$25,000 for the local advocacy event and \$12,000 every year after (if they participate for 3 years). If the group does more than one event (e.g. one in the first year, one in the second) do they receive another \$25,000? This question only applies based on the answer to question #1.	<p>See response to question #1</p> <p>Amounts on the Cost Worksheet are based on per Local Level Advocacy Group, per event.</p>

4	General	We are planning to include an organization in Butte County as a subcontractor in our application; however, they have also applied/ will apply as a lead organization for the TAY funding. Are we still able to include them as a subcontractor in our application?	Yes, an organization can be a lead organization or a subcontractor on a proposal and is not limited to being included in a single proposal.
